## MILESTONES

**Kings Mountain High School**

**Kings Mountain, North Carolina**

MAUNNEY MEMORIAL LIBRARY  
100 S. PIEDMONT AVENUE  
KINGS MOUNTAIN, N.C. 28086

Alright, so they made you come home from the beach —  
August 25, 1970. The halls had a certain tenseness in them.  
Freshmen would not move ten feet past the front door.

All the halls and corners were filled with upper classmen trying to find out who was teaching what, what happened where, and if you had really heard that!

It didn't take long to establish the old routine, and it wasn't long before the establishment stopped allowing two extra minutes after the tardy bell for you to find your new class.

Everyone jived during activity period; the juke box had actually arrived, but there was a brief period of silence during the year while the juke box was replenished with its stolen records.

Then the day of the first football game came and everyone was aware school had begun. Football players were tense with anticipation as were all their fellow students. All this enthusiasm led to the Mounties' capture of the Sportmanship trophy.

Dances, detention hall, clubs, gettin'-it-together sessions in the gym, parades . . . The announcement was out-no midterms! Then the days went faster and faster. We systematically moved from class to class. Nine-weeks grading was established. Homecoming came and went. Ballgames were won and lost. SAT scores came. Many were faced with college.

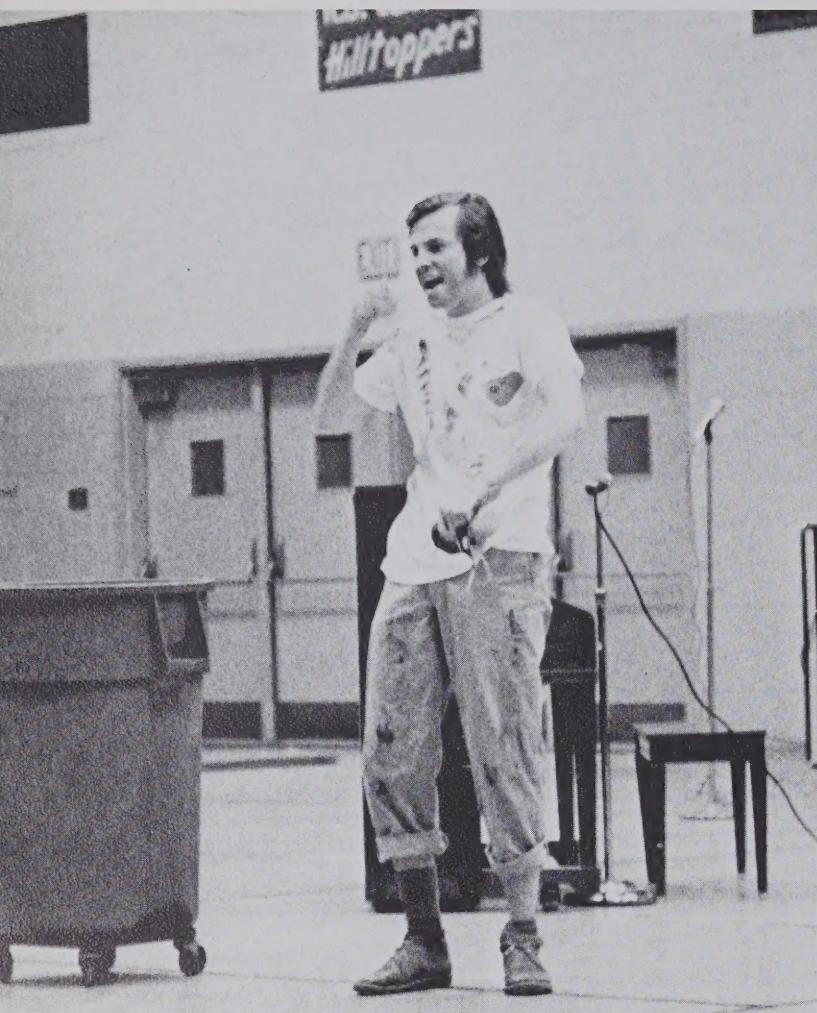

All things must come to an end, it's true, but it was your choice at the beginning of the year or perhaps for the '71 graduates, 4 years ago whether the culmination of another year would have a happy or sad ending.

**Hilltoppers**

As your high school days race past, you are faced with more and more responsibilities, decisions, problems, and questions. This high school is here for the purpose of preparing you to cope with these.

But it is here only to help you. The final decision is yours. Take advantage of it. The offer is here but the acceptance is up to you.

Tests you thought you couldn't survive and teachers you felt you couldn't face, another day now slip into the background.

Yes, a year has come and gone with each detail important in its own way.

These memories will remain — hazy but not forgotten.

I, We, She, He, It, They

## Seniors

Speak out, you've got to speak out against the madness,  
You got to spread your mind if you dare.  
But don't try to get yourself elected.  
If you do you had better cut your hair.  
Cause it appears to be a long time before the dawn.  
It's been a long time coming, it's going to be a long time gone.  
But you know, the darkest hour is always just before the dawn.

Finally !!!

It is not a state of being, it is a state of mind.

Mrs. Lowery, that should be Kent State.

There are those who want an armed Revolution and  
I am not one of them, not just now.  
We need good schools and houses for people to live in and  
it could be done and we're going to make this country do it.  
I'm going to stay mad until things change.  
You change them or we will change them. I really don't care.  
But the choice isn't going to be yours much longer.

Mr. Froneberger projects his best side.

Every year the Senior class unites its ideas and personalities into the effort of selecting the class song, flower, motto, and colors. The class of '71 has selected "I'll Walk with God", as the song, the yellow rose as the flower, a very appropriate motto is "It is better to live and help live than to live and let live," black and gold were chosen as the class colors.

## Dedication

We the 1971 graduating class of Kings Mountain High School would like to in this way show our appreciation to two of the most deserving teachers on our faculty, who not only take a personal interest in their students' education but are sincerely concerned with

Mr. Allan Dixon

instilling a love of life and high aims  
for the future in their students.

Through their warmth  
and sincere interest in our lives  
we will always remember as friends-  
Mrs. Helen Ausley and Mr. Allan Dixon.  
To them we say thank you.

Horace Degree, Ruby Gaffney, Daniel Gaffney.

This year has been a growing experience for every member of this student body in some way. Perhaps you grew into a better understanding of yourself and your present and future position in life. Or maybe you grew into a better understanding of the people around you. Many of us must now grow away from friendships we hope never to completely lose, into a world never before known to us in which new friendships must be made, and seemingly impossible tasks must be faced.

August came with high aims and dreams  
which were either triumphantly carried  
through or sadly dropped by the wayside. If  
you came through, more power to you and  
may you continue to do so when you assume  
your role in life.

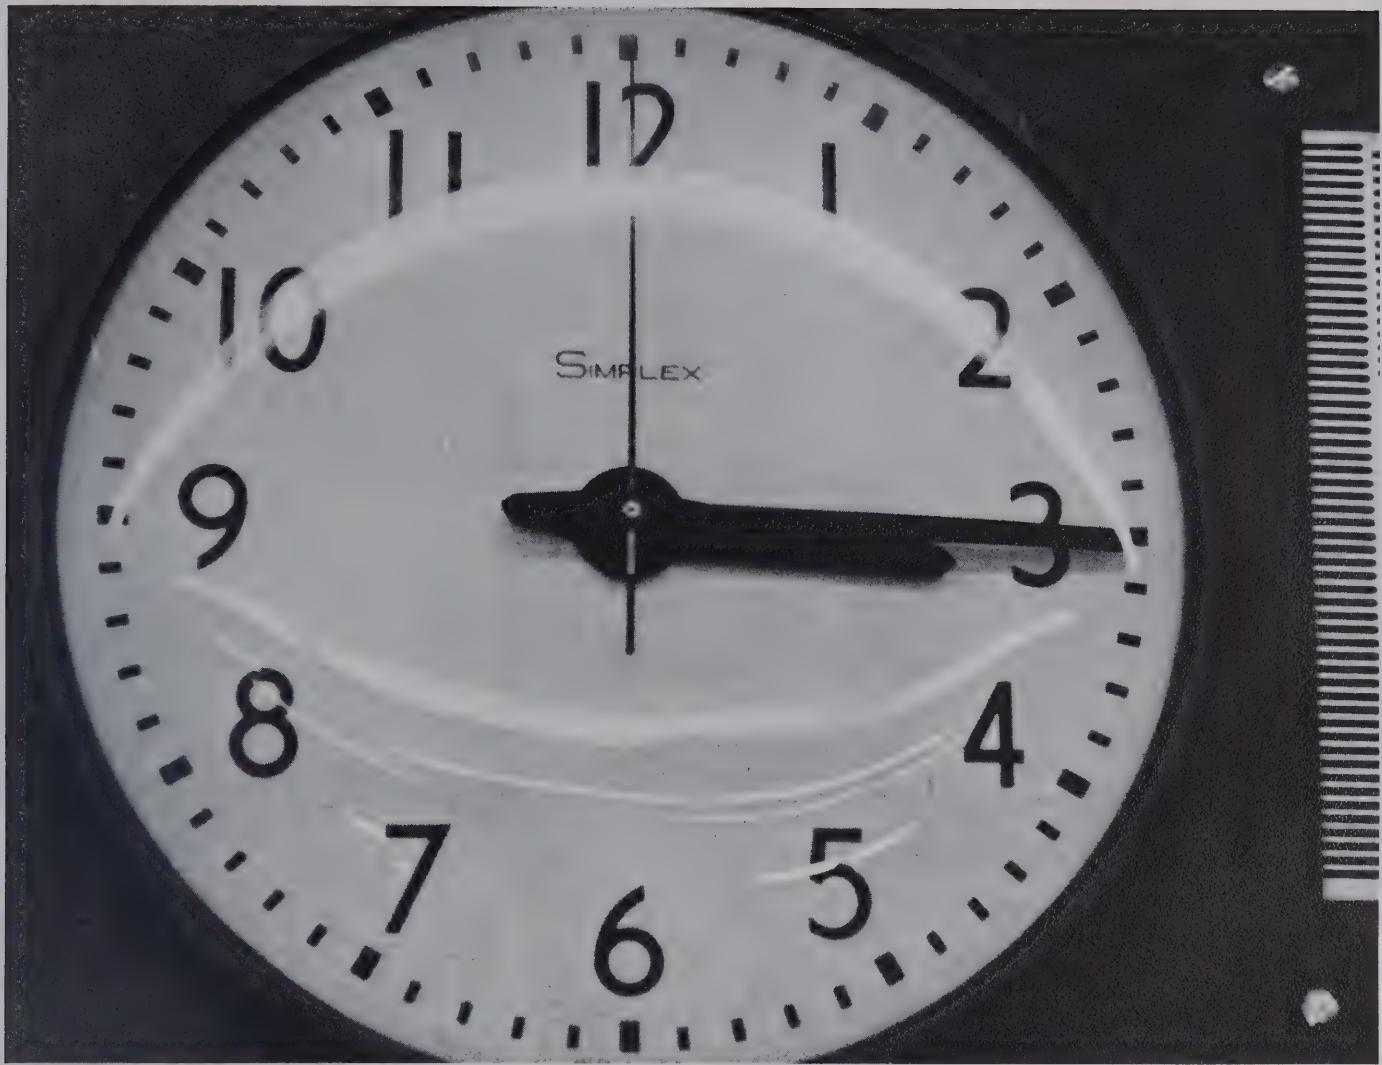

Your high school career can give to you only what you will let it. It can be as good or as bad as you make it. Have you tried? If not, perhaps you still have a year or two in which to reach out for many new opportunities. If you are a senior — reflect and profit.

It is hard to let go of a glimpse of the future for the realities of the day, so remember the good things that happen today, while you face the last tests of this period of your life.

Life can and should be looked on as a challenge.

Enjoy it but don't take it for granted. Each day becomes more important than the last. High school life gives you a kind of security, but it lasts only four short years. Face life courageously and pray for wisdom. Leave the thought behind you that your life had a purpose, that someone or something profited by your being there.

*You've got to  
shout to  
make yourself heard*

It is not what nature will do to man  
but what man will do to nature.

Not many people realize the amount of work which goes into the making of an annual in a few short months - the hectic deadlines . . . typing until 5:30 a.m. . . . missing meals . . . spend the night annual parties . . . etc. There are a lot of tears but the joy of meeting all your deadlines makes up for it. Our sincere thanks to Mrs. Carolyn McWhirter who suffered through it all with us and to Mr. Alexander who spent many a night developing pictures we just *had* to have the next day. We would also like to thank Woody Mitchel who *gave* up a lot of time for the annual staff which he is not even a member of and to Eddie Floyd who also donated his artistic abilities. As the old saying goes, last but not least we would like to acknowledge our appreciation to the dozens of others who contributed their time to the annual whether in typing, drawing, writing or posing.
